Prez Droupadi Murmu invited for Mysuru Dasara

New Delhi, Sept. 22 (RK & DM)- President of India Droupadi Murmu was formally invited this noon by the State Government for the inauguration of Mysuru Dasara to take place atop Chamundi Hill on Sept. 26.

Mysuru-Kodagu MP Pratap Simha, along with Mysuru District In-charge Minister S.T. Somashekar, Karnataka Muzrai Minister Shashikala Jolle, Chikkodi MP Annasaheb Shankar Jolle and Mysuru Mayor Shivakumar extended the official invitation of Karnataka Government to the first citizen of India at Rashtrapati Bhavan in New Delhi.

The State Government had unanimously decided on inviting Murmu for Dasara inauguration. Chief Minister Basavaraj Bommai on Sept.10 had announced that the President has given her consent for the inauguration of Dasara festivities.

According to sources, Droupadi Murmu will fly from New Delhi to Mysore Airport at Mandakalli by a special flight on the morning of Sept. 26.

Upon her arrival in Mysuru at 9 am, she will be received at the Airport by Governor Thaawarchand Gehlot, Chief Minister Bommai and other dignitaries, who will be arriving in city on Sept. 25.

Droupadi Murmu

From the Airport, the President will travel by road to Chamundi Hill where she will inaugurate Dasara-2022 in the auspicious *Vrushchika Lagna* between 9.45 am and 10.05 am. Murmu will be the first President to inaugurate the world famous Dasara.

After the inauguration, she will return to the Airport and fly to Hubballi, where she will be accorded a civic honour under the aegis of Hubballi-Dharwad City Corporation in the afternoon.

Chief Minister, Governor, Speaker also invited

Yesterday, the Mysuru District Administration extended a formal invitation to Chief Minister Basavaraj Bommai, Governor Thaawarchand Gehlot and a host of other dignitaries at Bengaluru, to be a part of *Nada Habba-2022*.

Mysuru District In-charge Minister S.T. Somashekar, accompanied by Water Resources Minister Govind Karjol, MLA L. Nagendra, MLCs Dr. D. Thimmaiah and C.N. Manjegowda, Deputy Commissioner Dr. Bagadi Gautham, Dasara Reception Sub-Committee Working President M.J. Roopa and Karnataka Compost Development Corporation Chairman Mahadevaiah, invited Chief Minister Bommai.

They also extended invitation to Governor Thaawarchand Gehlot at Raj Bhavan, Legislative Assembly Speaker Vishveshwara Hegde Kageri, Legislative Council Chairman Raghunathrao Malkapure and Acting Chief Justice of Karnataka High Court Alok Aradhe for Dasara, which is being celebrated in a grand manner this year after two years of COVID pandemic.

AICC President election:
Congress issues notification

Ashok Gehlot

Shashi Tharoor

New Delhi, Sept. 22 (Agencies)- Setting the ball rolling for electing the successor to the longest-serving party chief Sonia Gandhi, the Congress' central election authority today issued a notification for the AICC Presidential polls.

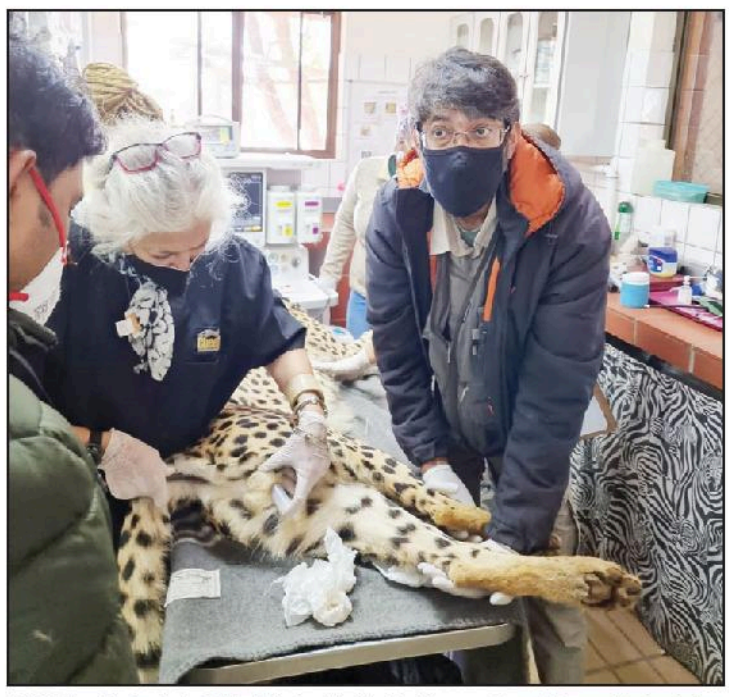
After over two decades, the Congress is likely to see a contest for the post of party chief with Shashi Tharoor set to enter the fray after his meeting with Sonia Gandhi and Rajasthan Chief Minister Ashok Gehlot indicating that he will throw his hat in the ring if Rahul Gandhi does not agree to take on party's reins.

As per official notification, party leaders can file nominations from Sept. 24 to 30. The voting will be held on Oct. 17. Results will be declared on Oct. 19. The nomination form will be available at AICC Office, 24 Akbar Road, New Delhi, according to the notification.

Gehlot is making one more and possibly a last attempt to convince Rahul to file his nomination papers. And for this, he travelled all the way to Kochi from Jaipur to join the *Bharat Jodo Yatra* with the Wayanad MP even as Gehlot's *bête noire* Sachin Pilot was already there.

Congress, pinning its hopes, said in case Rahul changes his mind, there will be an arrangement for postal ballot and filing of his nomination through post. But it seems that Gehlot may have to end up filing his papers. But, the big question is whether Gehlot has to resign as CM. Sachin Pilot's supporters certainly hope so and are on alert.

Wildlife Biologist from Kodagu in Project Cheetah core team



Wildlife Biologist C.M. Bipin** (right) **holds a Cheetah as it is being medicated in Namibia before the Cheetahs were flown to India.

Mysuru, Sept. 22 (Akshay & BCT)- A wildlife Biologist and Ecologist from Kodagu is in the team that brought eight Cheetahs (Acinonyx jubatus) from Namibia to Madhya Pradesh's Kuno National Park which were released by Prime Minister Narendra Modi on Sept. 17.

C.M. Bipin of Kodagu is in the core management team of Dr. Yadvendradev Vikramsinh Jhala, Lead Scientist for Project Cheetah and Dean of Wildlife Institute of India.

Bipin conducted extensive fieldwork and ground study before the extinct felines were reintroduced in India. Project Cheetah is the world's first inter-continental large wild carnivore translocation project.

The 19th AGM of **LIC Agents Credit Co-operative Society, Mysuru,** will be held at Sirvi Samaja Charitable Trust, KRS Road, Gokulam, on Sept. 24 at 11 am. Society President P.M. Ramachandra will preside, according to a press release.

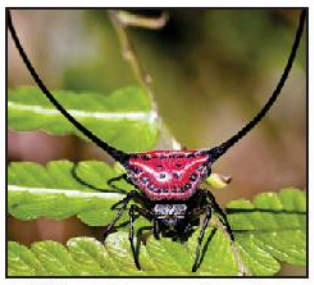
EDITOR'S BOTTOMLINE

Gandhiji's words that 'there is no way to peace, peace is the way', are very apt. If peace is the goal, how can war be the way? To him, only peaceful and non-violent methods need to be employed as the right means to achieve the objective of peace. For him, the means should justify the end, and not vice versa. It is not 'peace' but 'peacelessness' which often results in inertia, indolence, complacency and compromise with core values. Peace is never a weakness, but a great harmonising and stabilising strength of the soul. It's a positive and powerful state of mind. Peace and balance of mind are interconnected and indispensable virtues for victory and success in any sphere.

The Buddha has beautifully expounded the efficacy of peace in the following words: 'the ego mind says let everything around fall in place, it will be peaceful, while the soul's inner voice whispers, let me be peaceful first, everything around will fall in place'. In Kaliyug today, people have ceased to listen and stick to their inner voice and swadharma of peace. For that, the world now is suffused with negative energy-vibrations emanating from widespread violence, sorrow, suffering, pain and peacelessness. The need of the hour is to eliminate these negative circles of human concerns and conflicts, by expanding the positive circles of peace, harmony and happiness in human minds, across the globe. To achieve this, there is the urgent need for collective practice and cooperative promotion of India's rich culture and heritage of spiritual wisdom, rajyog meditation, universal values, simple, positive and healthy lifestyle. *— Rajyogi B. K. Brijmohan in The Times of India*

NEWS SPARKLERS

This terrifying looking spider is actually harmless



Beijing: Macracantha Arcuata or the Horned Orb-Weaver Spider or the Wishbone Spider, have a pair of intimidating long horns growing out of their abdomen. Though the spider looks terrifying, it is actually harmless

Although both male and female Macracantha arcuate spiders feature spines on their abdomens, it's the females that stand out. They have three pairs of spines coming out of their abdomens, but it's the middle one that immediately catches the attention, as the spectacular horns are roughly three times longer than the spider itself. The other two pairs of spines are short and relatively inconspicuous in comparison. If you're afraid of spiders, a female Macracantha Arcuata is a terrifying sight to behold, but you should know that it is actually harmless to humans.

Man drives in reverse over 16 kms, sets world record

Salem: A 35-year-old man from Tamil Nadu recently set a new world record for the longest distance driven in reverse in under 30 minutes – 16 kilometers and 140 meters.

During an event that took place last week at Edappadi Bypass in Tamil Nadu, Chandramouli from Salem district, managed to set a new world record by driving over 16 kms in reverse gear under 30 minutes.

The man, whose passion for driving cars goes back to when he was only 10 years old, practiced hard for the task, knowing that he had to beat the previous record set by 22-year-old Tesson Thomas from Pathanamthitta of Kerala, who had covered 14.2 km driving in reverse for 30 minutes.

Chandramouli managed to blow that record, backing up for 16 kilometers and 140 meters in just 29 minutes and 10 seconds.

Illuminate Field Marshal K.M. Cariappa Statue

Sir,

This refers to the photo caption titled ***"City aglow with colourful lights'*** in yesterday's *Star of Mysore*, which mentions about the CESC illuminating the prominent Statue Circles, roads and buildings.

On behalf of the Mysureans, I request the Dasara Illumination Sub-Committee Officers concerned to direct the CESC to illuminate the statue of Field Marshal K.M. Cariappa also at the junction of JLB Road and Vinoba Road. It will indeed be a befitting tribute to the former Chief of Army Staff if the District Administration considers special lighting to the statue this Dasara as the country is celebrating *Azadi Ka Amrit Mahotsav*.

Field Marshal K.M. Cariappa was the first Commander-in-Chief (C-in-C) of the Indian Army and his distinguished military career spanned almost three decades.

—S. Rajendra

Ratan Tata, Sudha Murty among new appointees to PM CARES

New Delhi, Sept. 22 (UNI)- Prime Minister Narendra Modi lauded people for contributing wholeheartedly to PM CARES Fund as he chaired its meeting which was also attended by newly-nominated Trustees Justice K.T. Thomas, former Deputy Lok Sabha Speaker Kariya Munda and industrialist Ratan Tata, the PMO said yesterday.

Modi chaired a meeting of the Board of Trustees of the PM CARES Fund on Tuesday during which a presentation was made on the various initiatives undertaken with the help of PM CARES Fund, including the PM CARES for Children scheme which is supporting 4,345 children, a statement issued by the Prime Minister's Office (PMO) said.

The meeting was attended by PM CARES Fund Trustees Union Home Minister Amit Shah and Finance Minister Nirmala Sitharaman. Newly nominated Trustees of the PM CARES Fund — Justice Thomas, former Supreme Court Judge; former

Ratan Tata *Sudha Murty*

Deputy Lok Sabha Speaker Munda and Ratan Tata, Chairman Emeritus, Tata Sons — also attended the meeting.

The Trustees appreciated the role played by the Fund at "a crucial time for the country". Prime Minister Modi appreciated the people of the country for contributing wholeheartedly to the PM CARES Fund, the statement said.

The Trust also decided to nominate some eminent persons for the constitution of the Advisory Board to PM CARES Fund, including Rajiv Mehrishi, former Comptroller and Auditor General of India; Sudha Murty, former Chairperson, Infosys Foundation; Anand Shah, Co-founder of Teach for India and former CEO of Indicorps and Piramal Foundation.

Prime Minister Modi said the participation of new Trustees and Advisors will provide a wider perspective on the functioning of the PM CARES Fund, according to a statement. He said their "vast experience of public life would impart further vigour in making the fund more responsive to various public needs."

The PM CARES Fund, set up to deal with emergencies such as the COVID-19 pandemic, saw its corpus grow nearly three-fold to Rs. 10,990 crore in the 2020-21 fiscal, while the disbursal rose to Rs. 3,976 crore, according to the latest audited statement.

The disbursal included Rs. 1,000 crore for migrant welfare and over Rs. 1,392 crore for procurement of COVID vaccine doses. The Fund received flak as it was formed as a Trust and is not a Government of India Fund, so does not come under the purview of the Right To Information Act, nor was it part of the Consolidated Fund of India.

Vocal Music Concert
at Ganabharathi on Sept. 23

FROM LEFT: ***Vid. Sampagodu Vighnaraja; Vidu. H.M. Smitha; Vid. Anooru Anantakrishna Sharma and Vid. Sharath Kowshik***

Mysuru, Sept. 22- Ganabharathi, Mysuru, has organised a Vocal Music Concert on Sept. 23 on the occasion of 125th birth anniversary of H. Yoganarasimham, where his compositions will be rendered.

The programme is sponsored by G.V. Krishnaprasad in memory of Vidu. G.V. Ranganayakamma and Vidu. G.V. Neela at Veene Seshanna Bhavan in Kuvempunagar at 6 pm.

Vocal music will be rendered by Vid. Sampagodu Vighnaraja accompanied by **Vidu. H.M. Smitha** on violin, **Vid. Anooru Anantakrishna Sharma** on mridanga and **Vid. Sharath Kowshik** on ghata.

Vid. S. Vighnaraja started his music journey from the age of five under his father Vid. Suryanarayana Bhat and continued advanced music training with Guru Vid. Subramanya Bhat. He has mastered musical instruments like flute and slide guitar also.

A recipient of many prestigious awards, he has dedicated his life to music through his Surya Global Music Academy.

Bill on seven new Varsities passed

Bengaluru, Sept. 22- The Karnataka Assembly on Wednesday passed a Bill to create seven new Universities in the State.

The Karnataka State Universities (Amendment) Bill proposes to create new Universities in Bidar, Haveri, Kodagu, Chamarajanagar, Hassan, Koppal and Bagalkot. Also, the existing Mandya Unitary University's jurisdiction will be extended to cover the entire Mandya district.

Piloting the Bill, Higher Education Minister Dr. C.N. Ashwathnarayan said the creation of new Universities is in line with the NEP-2020 that envisages a University in every district.

The Government will earmark Rs. 2 crore for each University, he added.

However, MLAs, cutting across party lines, asked the Government how the new Universities will fare when the existing Universities are fraught with problems and short of funds.

Acknowledging quality concerns expressed by the House members, Dr. Ashwathnarayan said the Government has grafted the new bill to usher in reforms in terms of accountability and transparency. Underlining the need for moving away from specialised Universities, he said the existing infrastructure will be used for the new Varsities.

Book Talk by Prof. Prabhuprasad

Prof. K.B. Prabhuprasad

Mysuru, Sept. 22- Mysore Open Forum has organised a Book Talk by Prof. K.B. Prabhuprasad on 'Anveshana, The Search' by V.R. Anil Kumar and a talk on 'Impressions of USA by V.R. Anil Kumar from his recent visit' at 10.30 am on Sept. 24 at Kalpa Kshetra Auditorium, 581/1, Vijayanagar 4th Stage, 1st Phase, Mysuru. For details, contact Mob: 94498-19536.

Prof. Prabhuprasad is a retired professor of English and is a writer, composer of music and singer. He has been involved in the project of translating Allama Prabhu's works into English. He is the guiding force behind the Sri Satya Sai School at Jayalakshmipuram, Mysuru.

'Anveshana,The Search' is a novel by V.R. Anil Kumar which is a Modern Day Tale of Dharma, Karma and Renunciation as told through the happenings in a South Indian family.

The talk is open to all.

MLC C.N. Manjegowda to take up welfare causes of Ex-servicemen

Mysuru, Sept. 22- MLC C.N. Manjegowda, who is also an Army Veteran (Ex-serviceman), paid a courtesy visit to the Office of city-based VeKare Ex-Servicemen Trust recently. During his visit, the MLC discussed various Ex-servicemen welfare issues put forth by Trust President Mandetira N. Subramani, who is also a retired Senior Non-Commissioned Officer of Indian Air Force. They also discussed problems faced by Ex-servicemen's widows in Mysuru, Mandya, Kodagu, Chamarajanagar, Hassan and Chikkamagalur and to find suitable solutions to resolve them. Some of the issues are:

VeKare Ex-Servicemen Trust President Mandetira N. Subramani seen in discussion with MLC C.N. Manjegowda.

1. All the rules pertaining to welfare of Ex-servicemen should be modified as applicable for granting cash in lieu of land for those decorated with Gallantry Awards and also to those who are decorated with Peace Time Awards such as PVSM, AVSM VSM. The welfare schemes for Ex-servicemen formulated by Government of Karnataka should be extended only to sons of the soil and to those non-Kannadigas who joined the armed forces from the State having permanent place of residence in Karnataka.

The MLC assured Subramani that he would impress upon the Chief Minister and Ministry concerned to implement the same.

2. 10% of housing sites / houses earmarked for Ex-servicemen by MUDA, BDA and KHB should be allotted only to Ex-servicemen who are sons of the soil or to their widows first under reserved quota. If there are any excess sites, it could be allotted to Ex-servicemen from other States who wish to settle down in Karnataka. However, they should be barred from reselling the allotted sites.

3. Reservation of seats under ESM quota in Medical, Engineering and other professional courses should be allotted to children of ESM who are sons of the soil first and excess seats to those from other States.

4. Presently, exemption of 50% house tax is given to ESM and to widows of Ex-servicemen if the property is in the name of the widow. However, if the house property is registered in the name of living wife, then she has to wait till her ESM husband dies to become a widow and claim that 50% exemption! Hence, the Trust requested the MLC to intervene and get the existing policy modified so that the ESM's wife could be eligible for exemption on par with the widow of Ex-servicemen. Others issues taken up for discussion includes 10% reservation in employment of Ex-servicemen in State and Central Governments, PSUs, Autonomous Bodies in Karnataka; Increasing Book Grants / reimbursement of fee for children of Kannadiga Ex-servicemen.

Case of two widows

VeKare Ex-Servicemen Trust also brought to the notice of MLC the case of the widow of late Ex-Hav Meederira C. Bheemaiah of Badagarakeri in Ponnampet, Kodagu, who died eight months ago.

Kamala Kumari

M.A. Jaji

According to his widow A.N. Kamala Kumari (Ajjikuttira), the concerned jurisdictional Revenue Inspector and Village Accountant, colluding with the children of the first wife (who is no more), got the Death Certificate issued to them not in the name of living widow A.N. Kamala Kumari, the second wife, who married the deceased Ex-serviceman during 2016. Instead, the Death Certificate was issued mentioning the name of late Damayanthi without mentioning the word 'late' (she had died on March 8, 2015 prior to deceased Bheemaiah's marriage with Kamala Kumari).

The Death Certificate was manipulated by Revenue Inspector and Village Accountant to facilitate the children of first wife to claim the entire property left behind by the deceased Ex-serviceman.

In another case, Death Certificate of late Sepoy Moodera A. Arjuna, who died 18 months ago at Kokeri village in Napoklu, Kodagu, is yet to be issued to his wife M.A. Jaji.

After giving a patient hearing, MLC Manjegowda agreed to speak to Kodagu DC and resolve the issue on priority for VeKare Ex-servicemen Trust to project Kamala Kumari and M.A. Jaji's just causes to Chief of Army Staff for getting their family pension sanctioned from military side and also with concerned Regional Provident Fund Commissioner at Mysuru for getting their PF family pension sanctioned.

The MLC assured that he would impress upon Kodagu DC to intervene and direct the concerned Tahsildars to issue both the above Death Certificates on top priority as without the certificate they cannot claim Military Family Pension.

Police Constable suspended for his involvement with rowdy-sheeters, matka racketeers

Mysuru, Sept. 22- City Police Commissioner Dr. Chandragupta has suspended a Police Constable for his involvement with rowdy-sheeters and joining hands with matka racketeers.

Suresh

The Constable who has been suspended is Suresh, attached to Jayalakshmipuram Police Station in city.

Suresh is learnt to have kept in touch with one Abdul Zameer, a prime bookie in matka business, who is also involved in criminal cases and had joined hands with anti-social elements who were indulging in anti Police activities, following which the City Police Commissioner ordered his (Suresh) suspension pending Departmental enquiry.

There were many complaints against Suresh while he was serving in the Mysuru City Special Division earlier. As a punishment transfer, Suresh was transferred to Jayalakshmipuram Police Station on Dec. 22, 2021. Instead of correcting himself, Suresh had joined hands with rowdy-sheeters and was involved in anti-social activities, the order stated.

Though matka business was going on in city it went unnoticed. But City Crime Branch (CCB) Police conducted three raids including on Tuesday and had arrested those involved in matka business.

On Sept. 12, the CCB Police raided Karnataka Auto Cushion Works on Pulikeshi Road in Mandi Mohalla, arrested one person and had seized Rs. 70,000 cash and four matka chits from him. On Sept. 15, the Cops raided R.J. Tea Stall on K.N. Pura Tent Road and had seized Rs. 20,000 cash and four matka chits.

On Tuesday, the CCB Police raided a spot in front of a tea stall on Bazar Road in N.R. Police limits and arrested one Khizer Pasha alias Shakeer, a resident of Ghousianagar and seized Rs. 40,000 cash and six matka chits.

Following continuous raids on matka racketeers by CCB Police, the Cops came to know about the involvement of Constable Suresh with prime matka bookie Abdul Zameer, following which City Top Cop Dr. Chandragupta issued the suspension order immediately, according to sources.

Unidentified bodies found

Mysuru, Sept. 22 (KS)- In separate cases, Mysuru Railway Police have found bodies of two unidentified persons in their jurisdiction and have registered separate cases.

In the first case, Railway Police have found a body of an unidentified man hanging from the fan of a coach of a train which was stationed in Platform No. 5 at City Railway Station. The deceased is aged between 40 and 45 years, 6 ft. tall, oval faced, wheatish complexioned, normal built and was wearing a blue and brown striped full arm shirt and a black and brown colour checks lungi.

In the second case, Railway Police have found a body of an unidentified man aged about 40 years who was run over by a moving train between Hanagere and Maddur Railway Stations and have registered a case.

The deceased is 5.5 ft. tall, well-built, has the name 'Shivanna' tattooed on his right hand and was wearing a white coloured full arm sweater and a T-shirt.

The kith and kin of the two deceased persons, if any, may contact Mysuru Railway Police on Ph: 0821-2516579.

Mysuru Rail Museum to be illuminated from Sept. 26 to Oct. 5

- **Museum timings - 10 am to 8 pm**
- **Entry fee: Adult - Rs. 50; Children - Rs. 20**

Mysuru, Sept. 22- South Western Railway (SWR) has announced that the Mysuru Rail Museum on KRS Road will be illuminated during the Dasara festivities commencing from Sept. 26 to Oct. 5. Visitors can have a breathtaking view of the illuminated large outdoor exhibits of the Rail Museum like the vintage steam locomotives, coaches, wagons, toy train, hand-operated crane, rail bus and steam fire pump.

The working hours of the Rail Museum will also be extended in this period by two hours, that is up to 8 pm. The Rail Museum will be open to the public on Sept. 27 and Oct. 4, which otherwise are declared holidays.

Photography using SLR/DSLR cameras will be on payment of the prescribed charges. Eatables and backpacks are not allowed inside the Rail Museum premises.

NOTE: Those who buy the Dasara combo ticket worth Rs. 500 (children - Rs. 250) to visit 5 prominent tourist places need not buy separate entry tickets as Rail Museum is also included in the recently launched special combo ticket for Dasara tourists.

Running of special trains during Dasara

Delhi imagery at Dasara Flower Shows

Rashtrapati Bhavan to bloom at Kuppanna Park Glass House

Floral replica of historic Red Fort main attraction at Mysore Palace

By M.T. Yogesh Kumar

Mysuru, Sept. 22- Mysureans can have a glimpse of Delhi imagery during Dasara as preparations are on to recreate the floral version of Rashtrapati Bhavan at Kuppanna Park Flower Show and a miniature version of Red Fort will be on display at Mysore Palace Flower Show.

Both Rashtrapati Bhavan and Red Fort symbolise the nation's capital and the seat of the country's highest office. And as a coincidence, President of India Droupadi Murmu will inaugurate the Dasara festival on Sept. 26.

The floral Rashtrapati Bhavan will be the main attraction of the Flower Show at Kuppanna Park and lakhs of flowers will be used to create the floral replica. It will be on display from Sept. 26 till Vijayadashami Day (Oct. 5). With just four days to go for the festival inauguration, preparations are underway on a war-footing to create the floral wonder.

The Rashtrapati Bhavan will be recreated inside the Glass House which itself is a mega structure. Scaffoldings are being erected for design purposes and iron rods are being fixed to support the floral structure. The Rashtrapati Bhavan will be complete with its domes and will have all the basic elements that signify the huge building.

The floral Bhavan will be 50 ft. wide and 35 ft high. Over 9,000 flower bunches, each having over 30 flowers in each bunch, will be used. In all, 2.70 lakh roses and 3 lakh other flowers will be used for the replica and the floral colours will demarcate the columns and the design of the building.

The flowers will be changed twice during the 10-day festival to ensure that the flowers are fresh and there are no gaps. Over 32 varieties of flowers including African Marigold Yellow, Orchids, Celosia, Carnation, Anthurium, Gerbera, Roses, Cosmos, Blue Daisy, Chrysanthemum, Cockscomb, Kochia, Phlox, Chrysanthemum, Ping Pong, Petunia, Torenia, Dracaena, Tithonia, Zinnia, are being grown in 40,000 pots.

Apart from the Rashtrapati Bhavan, the other attractions this time are floral Vighneshwara, Dr. Puneeth Rajkumar, several models of apiculture and selfie spots inside the walking paths.

"The musical fountain inside the Kuppanna Park will come alive from 7 pm to 9 pm and keeping in mind the child visitors, an amusement park has been set up and in addition, there are food stalls at the venue," Deputy Director of Horticulture Department K. Rudresh told *Star of Mysore*.

There are a couple of sponsors for the Flower Show and firms including a media company, banks and a textile shop have come forward to partly sponsor the show and this will also help the branding of the sponsoring firms, he added.

While the flower pots are being arranged by Horticulture Department Assistant Director C. Naveen and team to get the planned design, vendors who have bagged the food zone contract are setting up shops. Also, eight items are being set up in the amusement section.

Meanwhile, the floral replica of the historic Red Fort will be 60 ft long, 10 ft wide and 28 ft high. Over 15,000 saplings, ornamental plants, quick flowering plants like Felicia Daisy, Marigold, Zinnia and ornamental plants like Cactus will be on display. In all, there will be over 4 lakh flowers with 32 varieties, Mysore Palace Board Deputy Director T.S. Subramanya told *Star of Mysore*.

Yuva Sambhrama spreads message of patriotism, ecology

Mysuru, Sept. 22 (MK&BCT)- The Yuva Sambhrama event being performed at the Manasagangothri Open Air Theatre every evening is a sure crowd-puller with daily themes of performances. While the dances and programmes focused on the theme of Kannada pride on Tuesday, Sept. 20, the performances on Sept. 21 were around the themes of environment and nature, patriotism and devotion.

The overall message was to save the greenery and its associated fauna for the survival of homo sapiens. Destroying the environment will lead to the destruction of human civilisation and it is not possible to eat currency notes or coins instead of rice were other messages.

The dance themes were well-coordinated by environmentally-aware youths, some of who will take policy decisions for the land in the future.

The programme began with the performance of students from Karnataka Folklore University, also known as Karnataka Janapada Vishwavidyalaya, who enacted the heroic acts of Sangolli Rayanna against the treachery of the British.

Next, there were performances by Periyapatna Government Women's PU College, Mahaveer B.Ed College, Hunsur, Mysore Medical College and Research Institute (MMC&RI) and Aloor Siddapura Government PU College in Somwarpet and all their performances centred around the environment, growth of forests and animal population. Whatever goes into nature comes back to humans, was their message.

Students from K.R. Nagar Government Women's First Grade College, H.D. Kote Sri Adichunchanagiri First Grade College and Bhagamandala D. Chennamma College danced and performed patriotic tunes and also were sporting military fatigues.

A fervent message was sent by the students of MMK and SDM Women's College who, through their performances, told the audience that women too deserve a fair chance and if provided opportunities, women will excel in all fields.

Performers from Vatsalya Shikshana Mahavidyalaya, JSS Autonomous Women's College Saraswathipuram, Om Srinikethana Composite PU College and Chamarajanagar Vidya Vikasa Independent PU College spread folk culture on stage by performing on the foot-tapping music of Male Mahadeshwara.

Likewise, students from Yeraganahalli Nithya Niranthara Trust, Sukrutha Independent PU College and specially-abled students from JSS Polytechnic performed many numbers that earned huge applause from the audience, especially for the *Shiva Tandava* and *Ramayana Katha Prasanga*.

Practice makes them perfect...

Musicians of Police Bands from various districts seen practicing in Mysore Palace premises for their events scheduled on Sept. 29 and Oct. 1 in the Palace premises. While Karnatak and English Bands will perform on Sept. 29, Mass Band event involving musicians of Police Bands from many districts will perform on Oct. 1. The Police Band performance is an event which mesmerises music lovers and general public through melodious instrumental music. The musicians will perform music composition of Sri Jayachamaraja Wadiyar, English songs, Pancharatna Kritis of Tyagaraja, Jagadanandakaaraka, devotional songs and hymns, which is a must hear to all.

Great Bombay Circus in city

Mysuru, Sept. 22- The Great Bombay Circus has pegged its tent to commence the shows from Sept. 24 at the open ground behind Mysuru Zoo, near Karanji Lake in Nazarbad. Pramoda Devi Wadiyar and Yaduveer Wadiyar will inaugurate the Shows at 6.30 pm on Sept. 24.

OBITUARY

With profound grief and sorrow I inform the sad demise of my father who left for his heavenly abode on 22.09.2022. Funeral will be held on 23.09.2022 (11 am - 12 noon) at Jodi Thenginamara Burial Ground, Bannimantap, Mysore.

Nationwide NIA crackdown on PFI: One arrested in Mysuru

Mysuru, Sept. 22 (Agencies)- In a major crackdown against the Popular Front of India (PFI), the National Investigation Agency (NIA) and the Enforcement Directorate (ED) carried out searches at multiple locations in Karnataka, Andhra Pradesh, Telangana, Uttar Pradesh, Kerala and Tamil Nadu in the wee hours of today.

Over 100 PFI Members and people connected with them have been arrested by the ED, NIA and State Police in different cases.

In Mysuru too, a team from NIA raided an area in Shanthinagar and arrested Maulana Mohammed Kaleemulla, the former President of the PFI Mysuru district unit.

Sources said that NIA sleuths knocked on the doors of Kaleemulla's house at 3.30 am and grilled him till 6 am. Eight officers were involved in the operation and documents in the house were examined. They later took him to the City Crime Branch (CCB) office where he was questioned again for two more hours. They took him to Bengaluru subsequently, sources said.

The arrests have taken place in more than 10 States and on the radar are PFI and some SDPI activists. The maximum number of arrests were made in Kerala (22) followed by Maharashtra and Karnataka (20 each), Andhra Pradesh (5), Assam (9), Delhi (3), Madhya Pradesh (4), Puducherry (3), Tamil Nadu (10), Uttar Pradesh (8) and Rajasthan (2).

The Home Ministry is also keeping a close eye on this operation. In the "largest ever investigation to date", the searches are taking place at the premises of those allegedly involved in terror funding, organising training camps, and radicalising people to join proscribed organisations, NIA sources said.

In the past few days, the NIA has registered more than a dozen cases related to PFI links. According to NIA sources, in recent days, the Agency has raided more than 100 places in connection with the PFI links in the country.

Meanwhile, PFI Members staged protests against the arrests. "The raids are taking place at the homes of national, State and local leaders of PFI. The State Committee offices are also being raided. We strongly protest the fascist regime's moves to use Agencies to silence dissenting voices," the PFI said in a statement.

Alleged failure by Cops in rescuing kidnapped daughter

Father commits suicide

Villagers place body in front of Police Station, stage protest

Ravi

K.R. Pet, Sept. 22- Alleging that Police have displayed negligent attitude in tracing his kidnapped daughter, a man committed suicide by hanging self at B. Bachanahalli in the taluk on Wednesday and the villagers, holding the Police responsible for the man's death, staged a protest by keeping the body in front of Police Station.

The deceased is Ravi (45) of B. Bachanahalli. On Sept. 16, Ravi's minor daughter went missing. In his complaint, Ravi has stated that when he and his wife had gone to their agricultural field, 26-year-old Abhi, son of Narasimhegowda and 31-year-old Sunil, son of Timmegowda, who came near the house at about 10.30 am, lured his daughter and took her with them on their bike. He has further stated that when he went to Abhi and Sunil's house, they were not present in the house and when he called his daughter's mobile phone, the call did not get connected.

As his daughter is a minor, Ravi has urged the Police to initiate legal action against those who had kidnapped his daughter, according to his complaint lodged at K.R. Pet Police Station on Sept. 17. The Police, who had filed a kidnap case, had begun their investigation. But yesterday morning, Ravi ended his life by hanging self from a tree in his field.

Meanwhile, villagers, who gathered in large numbers, placed the body in front of the Police Station and staged a protest. They alleged that the Police did not make any attempts to search for the girl and if the Police had searched for the girl, Ravi would not have ended his life.

Mandya SP N. Yathish, who reached the protest spot, told protesters that the girl's school documents would be checked and if it is found that the girl is minor, those who took her with them will be arrested and legal action would be initiated against them. Following the SP's assurance, villagers withdrew their protest.

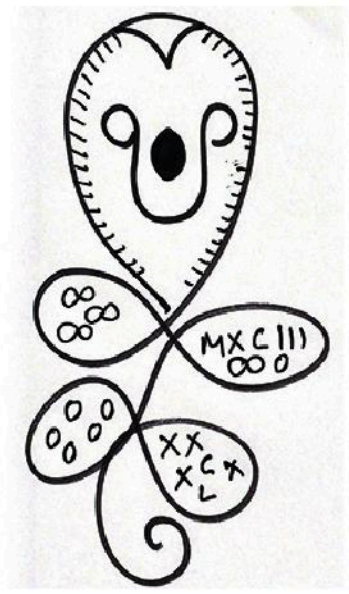
DECODING MYTHOLOGY

Dr. Devdutt Pattanaik - Author, Speaker, Illustrator, Mythologist

Divine Mathematics

People often ask, if Aryabhatta invented zero, how did people count Ravana's ten heads and Gandhari's hundred heads before that. It is one of those foolish *WhatsApp* "mysteries" for people who do not realise number systems pre-dated the invention of the number zero. For example, ten can be written as X and hundred can be written as C using Roman numerals.



In the ancient Brahmi script you had symbols for numbers 1 through 9, and then symbols of ten, twenty, thirty, even hundred and thousand. You can easily write numbers without the need for zero. But these were clunky systems that were great for recording, but not very good for enabling calculations.

The invention of zero happened in India about 1,500 years ago thanks to Aryabhatta, Brahmagupta and even Sridharacharya who used zero as a place-holder, so that now you could use any number in the world using just ten symbols — one through nine, plus zero. This system reached Europe via the Arabs, hence it is known as the Hindu-Arabic numeral system. This new convenient model was fiercely resisted by merchants until the mathematician Fibonacci showed how it renders the abacus obsolete. It was only in the 13th century that the use of the decimal system became widespread, at least 1,000 years after its invention.

Why did it take the European world so long to replace their system? This has something to do with philosophy and the mythological world that was inhabited by the Christians then.

Christianity became popular in the Roman Empire, but it inherited many Greek ideas. The Greeks believed the world was finite, predictable and controlled by the Gods. They did not believe in concepts such as zero or infinity. They believed in a predictable, mechanistic worldview.

Unlike them, the Hindus believed in an infinite universe, full of uncertainty. This is evident in the Bible, which says, "As you sow, so you reap." This is a predictable idea. While the *Gita* says, "Focus on actions, but not on results", indicating unpredictability. The Buddhists came up with the idea of *Shunya,* or nothingness. Hindus visualised God as *Ananta* or infinity. While in the Christian world, time has a beginning and an end, the Jain, Buddhist and Hindu worlds believe in *Anadi,* no beginning and *Ananta,* no end. Thus, creating an unending number line.

Another powerful concept spread out of India was the concept of proportions *(matra)*. In regular life we assume numbers have no denominators just as we go through life assuming we live only once or we are the only one who matters (denominator of one). But the truth is, numbers always have a denominator, just as we live many lives, experience many experiences, and are never alone, always part of a relationship or a team or a tribe.

So our value is a function of that denominator in our lives. In an infinite crowd, our value is nothing as the denominator is infinity. If we value ourselves more than our partners, then we reduce their value. Numbers are thus linked to the philosophy of life.

If you live only one life, then your denominator is only one and then the value of your life is the sum total of your achievements. If you live infinite lives because of rebirth, the value of your life, no matter what you do, becomes zero, as the denominator is infinity. We can multiply the value of our lives by impacting more people. If we impact infinite people, we become infinity. Then we merge with the infinite. Infinity creates infinity hence the Vedic hymn *Purnamadah Purnamidam,* which speaks of the nature of infinity.

Proportion or *matra* is visualised in *Tantra* as the Goddesses known as *Matrikas.* These are the Goddesses of proportions and vowels. Just as the numbers have denominators, sounds or spoken words have vowels that bring alive consonants. Consonants are called *Akshara,* immortal sounds that are invisible.

They become visible, that is, they are heard only when a vowel or a *matra* is attached to them. *Matrika* emerges from power *(shakti)* who transforms the dead *(shava)* into divinity (shiva). Thus, when you apply a vowel to a consonant, you enliven the sound. In the same way, you realise the true value of a number only when you consider the denominator. Everything in life exists in a context. There is no beginning or end. Existence is a number line extending from infinity to infinity.

Wildlife Biologist from Kodagu in Project Cheetah core team

Bipin** (extreme right) **seen with Project Cheetah team members in Namibia where they underwent training. Picture right shows the landscape of Namibia that is ideal for the Cheetah habitat being studied by Bipin and a colleague. Kuno National Park in Madhya Pradesh where the Cheetahs have been reintroduced has a similar landscape.

(Continued from page 1)

C.M. Bipin has been working on Project Cheetah since 2011 as a Project Associate at the Wildlife Institute of India, Dehradun, autonomous wildlife research and natural resource service institution under the Ministry of Environment Forest and Climate Change (MoEF&CC), Government of India. Bipin's name figures prominently among the survey team for the project.

Hailing from Kanoor village near Ponnampet in South Kodagu, Chottekmada Bipin is an Industrial Engineering Management graduate who pursued his passion for wildlife and nature. He finished his schooling at St. Anne's School, Virajpet and college at Sathya Sai Loka Seva Trust, Alike. His parents Monnappa and Tara Monnappa, retired teachers, are settled in Kanoor.

Engineer to Ecologist

Speaking to *Star of Mysore* from the Kuno National Park where he is monitoring the Cheetahs, Bipin said that though he worked for an electronics company in Bengaluru soon after his engineering at the RV College, nature and wildlife was his passion.

"I was feeling suffocated, so I left and joined a conservation and ecology team at the Centre for Wildlife Studies, Bangalore, in 2004 working on monitoring tigers and prey populations in Karnataka. During this period, I felt the need of educating, better-equipping and training myself in wildlife science and nature conservation and I completed my M.Sc. in Wildlife Biology," he said.

Bipin later joined National Centre for Biological Sciences in Bengaluru in 2008 for his Master's and subsequently joined the Wildlife Institute of India, Dehradun in 2011 and has been involved in Project Cheetah.

"As part of the project, the landscape of five States — Rajasthan, Gujarat, Chhattisgarh, Uttar Pradesh and Madhya

C.M. Bipin

Pradesh — were studied. 10 places were identified as suitable for Cheetah reintroduction and among them, five were shortlisted with the Kuno National Park in Madhya Pradesh, Shahgarh landscape and Mukundara Hills Tiger Reserve in Rajasthan and Nauradehi Wildlife Sanctuary in Madhya Pradesh being identified as priority ones," Bipin revealed.

Court case

When the project work was on, in May 2012, the Supreme Court stalled the plan to reintroduce Cheetahs into Kuno sanctuary fearing they may come into conflict with a project to reintroduce lions into the same sanctuary.

But in 2020, the SC lifted its stay, clearing the project after an affidavit filed by the National Tiger Conservation Authority (NTCA) to take the plunge — under the guidance from an expert committee headed by Dr. M.K. Ranjitsinh, the architect of Wildlife Protection Act — and go ahead with plans to bring the African cat to India.

"During the period of stay, I started work on the population recovery and habitat improvement of the critically endangered Great Indian Bustard, the grassland and open forests habitat of which the Cheetahs roamed in our country once and I re-joined the Cheetah Project after the Court clearance," he said.

Training in Namibia

Bipin was sent to Namibia and South Africa with the team during June 2022 for a training in handling the Cheetah, habitat management, research, methods of conservation at different levels and how to avoid conflict with villagers living on the forest fringes.

"I gave technical inputs after ground studies along with my team and additionally wore many hats as and when needed including providing assistance required in administrative, financial, legal and policy matters. As the days for the release drew close, though rainy season in India is a difficult period to release Cheetahs in India due to inaccessibility to many forest areas and logistical constraints, it would have been wise to wait for the monsoon to end," he explained.

September was the ideal month and the occasion was PM Modi's birthday. The officers of Madhya Pradesh Forest Department, NTCA and MoEF&CC at various levels very efficiently coordinated and performed their roles meticulously in making the project a reality, Bipin added.

Adequate prey base

"The Kuno National Park, situated on the northern side of Vindhyachal mountains, can handle 35 Cheetahs and has an inviolate area of 748 sq.km. where the Cheetahs have a suitable area of up to 6,800 sq.km surrounding them. We had identified four more areas apart from Kuno National Park and the project Cheetah entails bringing 50 big cats from Africa in the next five years and in the long run establishing a viable cheetah metapopulation in the country," he said.

The Kuno National Park has a good prey base for Cheetahs, comprising the four-horned antelope, chinkara, nilgai, wild pig, spotted deer and sambhar.

Cheetahs will help restore open forest and grassland ecosystems in India and its dwindling wildlife. This will help conserve biodiversity, consolidate and enhance the ecosystem, mitigate climate change and boost the local economy with various livelihood opportunities.

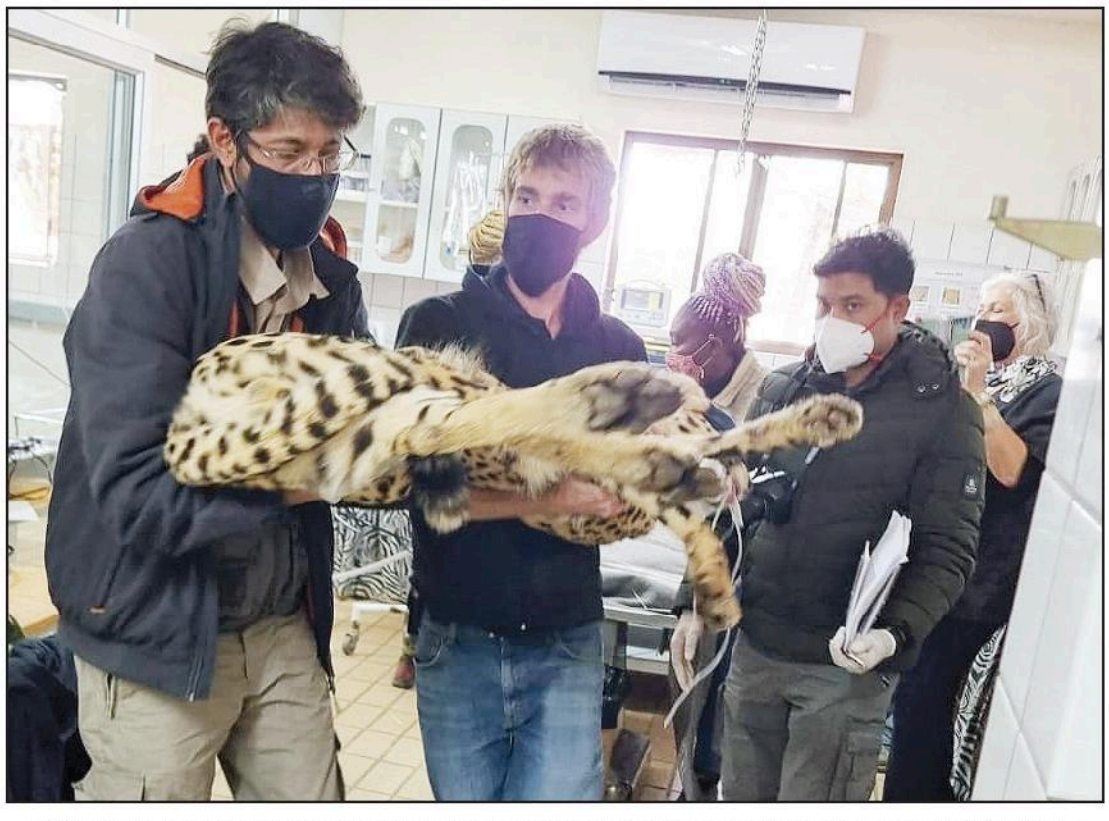
"Extensive hunting of Cheetahs and habitat loss led to their extinction. The 'African Cheetah Introduction Project in India' was first mooted in 2009 by Wildlife Trust of India and we have come a long way in finally bringing the fastest animal on earth to India," Bipin added.

Mother happy

Elated over her son being in the core Project Cheetah team, Bipin's mother Tara Monnappa told *Star of Mysore* that the family is proud of Bipin's achievements. "I don't have any words to express and he has been passionate about nature since childhood. I am glad he could pursue his passion with full vigour," she said.

In fact, Bipin's wife Amritha too is a sociologist and conservationist and works for The Nature Conservancy, a global environmental organisation, working in areas in Assam. Her specialisation is communities living in villages on the fringes of forests and their interactions with wildlife and nature.

Bipin's elder brother C.M. Bishan is an Orthopaedician in Gonikoppa, Kodagu and an avid wildlife photographer.



Wildlife Biologist C.M. Bipin and another colleague carry a tranquillised Cheetah after it has been vaccinated before being shifted to India in a special plane.

WORD OF THE DAY

Invective

Pronunciation: in-VEK-tiv.
Meaning: Invective means "insulting or abusive language." It can also refer to an abusive expression or speech.
Origin: Invective originated in the 15th century as an adjective meaning "of, relating to, or characterised by insult or abuse," but by the early 16th century, it was functioning as a noun referring to a harsh verbal attack, and within a few decades, to abusive language as a whole. Invective is similar to verbal abuse, but in addition to being a more formal term than abuse, invective tends to suggest not only anger and vehemence but also rhetorical skill. It sometimes also implies public denunciation, as in "blistering political invective."
Example: There's a racial aspect [to Taylor Jenkins Reid's novel Carrie Soto is Back] too: powerfully built, Latina Carrie is judged very differently to the supermodel blondes on tour. Reid includes mocked-up newspaper articles and transcripts of TV shows to illustrate the misogynistic invective that plagues her—and which, unfortunately, is far from historic." — Marianka Swain

THE ODD WORD

Ictus

Stress in poetry or verse.

PHRASE OF THE DAY

I have not slept one wink

Meaning: I have not slept at all.
Origin: The notion of getting not even a single moment's sleep has been in the language since the 14th century. Robert Manning of Brunne, in his work Handlyng synne, 1303, records the phrase in Middle English: "Ne mete ete, ne drank drynke, Ne slepte onely a-lepy wynke."
In language that is a little more accessible to most readers in the 21st century we have Shakespeare's use of the idea in Cymbeline, 1611:
PISANIO:
O gracious lady,
Since I received command to do this business
I have not slept one wink.

QUOTE BOX

Never go to bed mad. Stay up and fight. — **Phyllis Diller**

RIDDLE THIS

Solve the rebus:

C H E E S E

Answer :Cheese spread.

Sudoku is a number-placing puzzle based on a 9x9 grid with several given numbers. The object is to place the numbers 1 to 9 in the empty squares so that each row, each column and each 3x3 box contains the same number only once. The difficulty level of the Concept is Sudoku increases from Monday to Sunday.

CRYPTOQUIP

The Cryptoquip is a substitution cipher in which one letter stands for another. If you think that X equals O, it will equal O throughout the puzzle. Single letters, short words and words using an apostrophe give you clues to locating vowels. Solution is by trial and error.
